

# *Digital Health Innovations for Better Healthcare'*

*IEEE Malta Section  
Conrad Attard PhD*

*IEEE Malta Section is supporting the Digital Health Malta Ecosystem*

**Since 1884,**

**1 January 1963 AIEE and IRE  
merged to form the Institute of  
Electrical and Electronics  
Engineers (IEEE)**

*<https://www.ieee.org/about/ieee-history.html>*

**420,000 world wide members**  
**160 Countries**  
**800 Active IEEE standards**  
**117,000 Student Members**

*Malta we are represented by IEEE Malta Section  
We have three subcommittees YP, Women in  
Engineering and Computer Society Chapter.*

# We organize several activities

*Support industry initiatives*

*Education*

*Students Section*

*Distinguished Guests*

# About IEEE

IEEE is the world's largest professional association  
Dedicated to advancing technological innovation and excellence

IEEE and its members inspire a global community through IEEE's

- ▶ Highly Cited publications
- ▶ Conference
- ▶ Technology Standards
- ▶ Professional and educational activities

# IEEE – Why IEEE?

We are not only about electrical and electronics engineers but engineers from all branches.

Including:

- ▶ Physicists
- ▶ Medical Professionals
- ▶ Computer Scientist
- ▶ And more.

# About IEEE *Xplore*<sup>®</sup> Digital Library

## *Resources*

- ▶ Approximately 20,000 new documents are added to IEEE *Xplore* each month.
- ▶ Access to full-text documents in IEEE *Xplore* can be obtained from:
  - ▶ A broad range of institutional subscription options
  - ▶ Exclusive subscriptions available to IEEE members and IEEE society members
  - ▶ Online purchase of individual documents (at discounted prices for IEEE members)

# About IEEE Xplore® Digital Library

## *Resources*

- 195+ journals
- 1,400+ conference proceedings
- 5,100+ technical standards
- Approximately 2,000 books
- 400+ educational courses

# Conferences and Standards

## *IEEE—SETTING STANDARDS OF EXCELLENCE IN EHEALTH*

- ▶ eHealth is one of several innovation spaces in which IEEE-SA is playing a major role in the interoperability of healthcare applications and devices by partnering and collaborating with industry leaders to help shape the development of eHealth technology and ultimately the future of eHealth. Through the promotion and expansion of connectivity and communication between personal health and wellness devices, IEEE is helping to substantially strengthen public health.
