

Innovation and technology catalyst

TechnoMontréal

- Founded in 2007.
- Technology Cluster of Greater Montreal, mobilizes technology industry players around growth-generating projects led by the industry.
- In 2020, TechnoMontréal aims to extend the influence of its projects to the entire province.

Humanitek

- Humanitek is a think tank created by TechnoMontréal
- Objective:
 - To provide an answer to the question: "How can humans be placed at the heart of technological innovation in Quebec? »
 - Study the potential impacts of emerging technologies
 - Implementing projects with the objective of socio-economic development

Humanitek's studies

- 4 studies in 2020:
 - The role of technologies and **their impact on the aging of Quebec's population**
 - The **Impact and Deployment of Empathetic and Intelligent Buildings** in Quebec
 - Socio-economic **impacts of space observation data** in Quebec
 - The development and impacts of **quantum information** in Quebec and the proposal of a **"roadmap" for the development of the sector.**

COVID 19 - How can we help?

- How do I keep my mental healthy?
 - How do I keep my team happy remotely?
 - How do I manage my cashflow ?
 - Do I need to pivot my business model?
 - How do I feel about asking for help?
-
- « What are the critical elements of human-centered leadership in COVID 19 times? »
