October 8 - 11, 2023

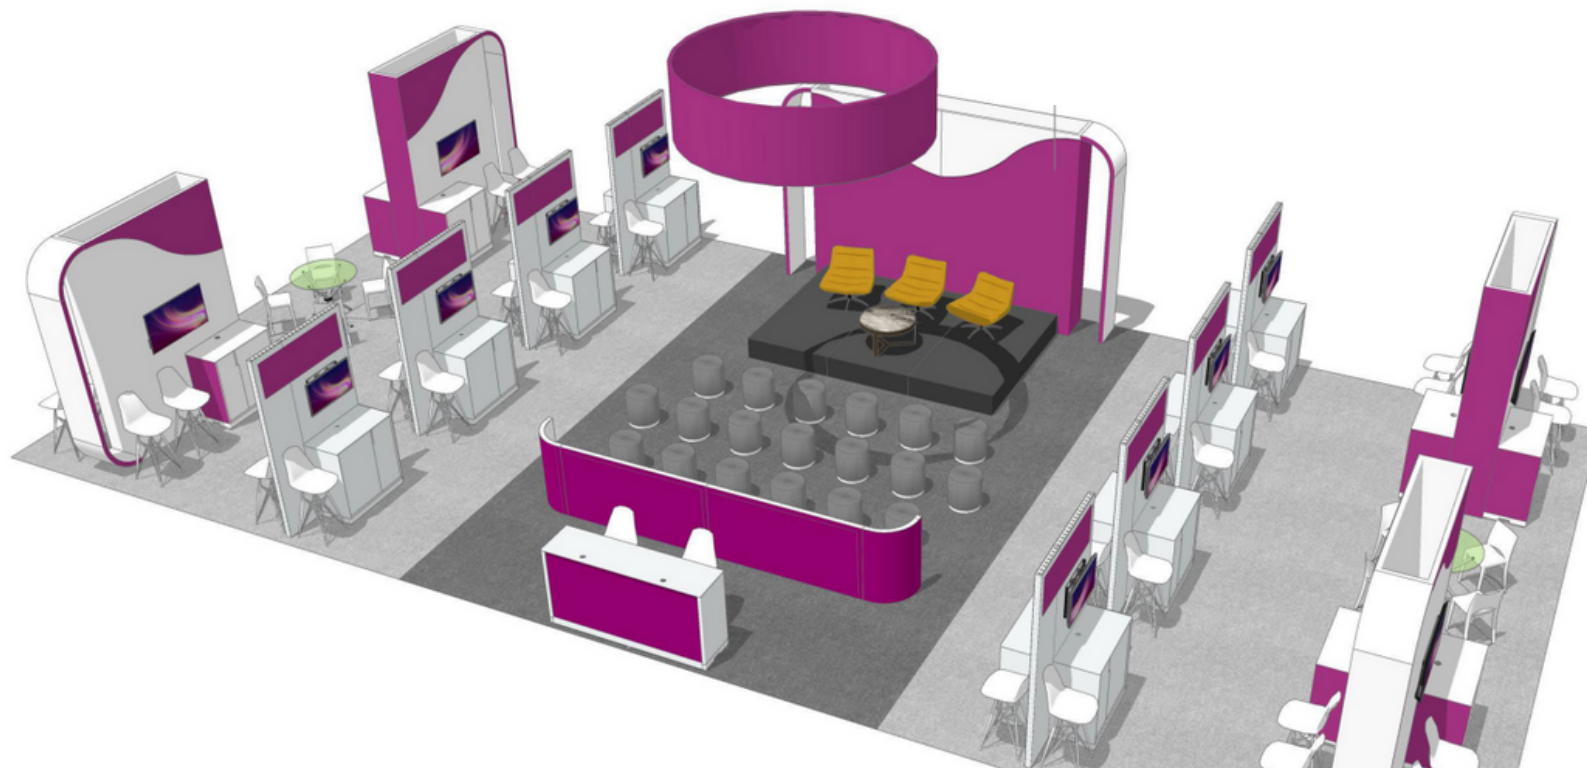

Las Vegas

The Global Health Connector Village will bring together countries from across the world focusing on the latest innovations in digital health. Participating companies and startups will enjoy a centralised presence on the expo floor which will feature over 900 companies.

Village exhibitors will have an opportunity to take part in Hosted Buyer and Funding Founders programs connecting companies with buyers and startups with interested investors. Additionally, startup teams will have the opportunity to engage in content such as in pitch competitions and other startup-focused sessions on the HLTH agenda.
